Attained C-

SKILLS

- Information Systems Expertise.
- Web Development (Html, CSS, JavaScript, React, Vue, PHP, Laravel, MySQL).
- Software Development (Python, C, C++, VB6.0).
- Technical support and maintenance
- Providing technical support for ERP systems.
- Setting up of Audio-visual equipment.
- Networking support and maintenance.
- Windows Server Active Directory operations/Domain operations.
- Proficient in Microsoft office applications (MS word, Excel, Access, PowerPoint, Publisher & Outlook).

- AutoCAD.
- QuickBooks.
- Graphics Design.

- Video editing.
 - Project management.
 - Team collaboration.
-

STRENGTHS

- **Technical Proficiency-tech savvy**

Possesses strong technical skills across a range of areas including software development, network administration, cybersecurity, database management, and system integration.

- **Problem-Solving Abilities**

Ability to analyze complex problems and devise effective solutions.

- **Adaptability and Continuous Learning**

Commitment to continuous learning thus staying updated with the latest trends, developments, and best practices in the industry.

- **Communication Skills**

Proficient in strong verbal and written communication skills, enabling to articulate ideas clearly, document processes

comprehensively, and facilitate productive discussions within teams.

- **Attention to Detail and Quality Assurance**

Commitment to excellence and meticulous attention to detail, ensuring accuracy and precision in the work.

- **Time Management and Prioritization**

Excellent in time management and prioritization, setting realistic timelines, ability to multitask and manage project workflows to ensure timely delivery without compromising on quality.

- **Teamwork and Collaboration**

Possesses strong teamwork and collaboration skills to contribute actively to team projects, share knowledge and expertise with colleagues, and foster a supportive work environment conducive to collaboration and knowledge sharing.

EXPERIENCE

July 2023 - present

Software Developer - Freelance

Designing, developing, and testing software solutions tailored to meet client needs.

January - March 2024

ICT trainer at Waita Vocational Training Centre

Handling packages, ICT, Programming and Maintenance.

January - June 2023

Intern lecturer at Thika Institute of Business Studies(TIBS)

- Technical support and maintenance
- Computer packages tutor
